To Whom It May Concern

St Mary's Catholic Parish engaged Chris Steel Designs for our recently completed Maryknoll Medical Centre Project.

Upon initial consultation with our team, Chris created a concept that would revitalise the old school building into a modern setting, that would attract quality and long term tenants to our facility. We are pleased to say that we have been successful in fully tenanting the building almost prior to opening. Credit should be given to Chris and his team for the design that was presented to us and then on-sold to the prospective tenants. The project came in close to the budget given to Chris and was completed as per the time schedule requested. We look forward to Chris having input into further projects within our Parish in coming years.

Yours Sincerely!

John Hockey
